## A WORD FROM THE OFFICE

Dear Readers

I do hope you are all enjoying your holidays. It's important for all of us to be rested before we return to yet another term full of activities.

The last week of term one was filled with great activities to further enhance the children's learning skills. An assembly packed with songs, dance and music, and field events wrapped up our first term.

This month many families celebrate two major events: Easter and the Month of Ramadhan. We wish you have had fulfilling moments as you celebrate with your families.

Eid is round the corner. We wish all families celebrating Eid Mubarak!

We do hope you will enjoy this month's edition. Happy Reading!

Sincerely

Dr. Nabila Farhat Siddiqui

# Kids Reflect

My experience in P7 term one was a good one but not very easy. I love the way the teachers teach and I know with their help I can improve and excel in my exams and PLE.

Kota Girish Sai P7D

My Primary Seven Journey has been smooth so far. I found out that lower classwork helps one to pass examinations. So I urge my fellow pupils to revise lower classwork in order to excel and so is our motto, "Anchored in Excellence" forever our motto.

Solomon Mugisha P7S

I was excited yet a bit scared about being in P7 knowing that I was a candidate. My performance at the beginning was not so good, so I tasked myself to perform better. I was overjoyed with the recent exams results. I had become the person I looked up to. This made me realize that if I put in enough effort, I could excel, no matter the obstacles.

Aretha Ankunda P7Z

My experience in P7 has been average. The teachers have been teaching well and I have been attending remedial classes. I know with time I will be getting my desired marks.

Alwin Ahimbisibwe P7D

My experience in P7 has not been the easiest. I have just finished my end of term exams and I performed better out of all the sets I have done before, even though it was the hardest. I believe with self-revision and consultation of my teachers I shall succeed.

Manuella Baguma P7S

My journey in Primary Seven has been good. The teachers have been very supportive and understanding. I have improved in my academics and hope to get higher marks. I hope to get aggregate 4 in PLE and I know I can do it.

Victoria Aturinda P7Z

Primary Seven has been a bit stressing but fine. Everything has been going on as planned. I have got the marks I want and I want to do better. I love the way am respected at school. All in all, Primary Seven is good.

Donald Muhanguzi P7E

Congratulations for completing your end of term examinations. I am proud to say that most of us improved on our examinations compared to previously. As we break off for the holidays I encourage each one of us to take part in house chores. We should not be taken up by our gadgets and televisions and once in a while go for outdoor activities. I wish you all a happy holiday.

Easter is a very common holiday celebrated by many. But what does Easter really mean? Easter is the period when we get to celebrate Christ's sacrifice for us. The day our supreme, mighty and powerful God arose. So as you celebrate Easter keep in mind someone died for your sins and rose from the dead.  
HAPPY EASTER SEASON.

## Teacher's Corner

The children have been working so hard since the beginning of the term and they performed well. Thank you children for the hard work. As soon as the term closed, there came Easter holidays. Easter is one of the Christian holidays. We hope and believe that our dear Christian children had very good time with their families. The holiday is soon ending and I would like to encourage the children to complete their holiday work and get prepared for the new term (2nd term) and new activities.
