## P.7 KIDS-MY DAFFODILS EXPERIENCE

My journey through P7 is a struggle every day because I always want to improve in a subject. The teachers always try their best to help us so we should appreciate the good work they do to improve on our studies.

**Charlene Tania Murungi**

I joined Primary Seven in 2022. Primary seven is a tough class because it is the last class of Primary education. But with hard work and brain power, you can pass PLE.

**Om Madlani**

My name is Rochelle Keza and my experience as a candidate has been great. I am grateful for the teachers support. I look forward to writing PLE and joining a boarding school but I will miss some of my friends and teachers.

**Rochelle Keza Gabriella Nzarubara**

Daffodils is a school that teaches pupils skills like football, art and many more. P7 is a tough class, it may scare you at first but it is a bit easy. You have to struggle to get the right results you want with the help of teachers.

**Ashar Mulindwa**

Coming back from lockdown and joining P7 class was not an easy one since we had already missed two years of studying. Online classes were not exactly the best for me. I thank the teachers for helping me catch up and I hope to pass PLE in division one and get into my school of first choice.

# A WORD FROM CLASS COUNSELLORS

Being a class counsellor for the first time is a little hard. As a leader it has helped promote my confidence and to be responsible. I need to be exemplary, kind and firm to my class. I hope at the end of it all I would have learnt a lot.

**Manuella Nuwagaba**

I am a class counsellor in P4E. I usually help keep the class in order by moving around and telling people to do their work and stop shouting. It has been my first time being a class counsellor. I have realized that being a class counsellor is not easy because leadership comes with a lot of responsibilities.

# DAFFODILS ANNIVERSARY

## A message from a teacher

It feels like yesterday since I started working with Daffodils in January 2010. I must acknowledge that I have come a long way as a professional teacher in this institution.

Right from college as a young shy girl with not much experience, Daffodils took me in and the journey has been so amazing.

It has been a journey of learning, re-learning, celebrating each milestone, having educative workshops, doing different projects, having fun together with colleagues and learners to mention but a few.

I have seen myself grow both physically, mentally, spiritually and financially during these twelve years. I came as a young single girl but I am now a wife and a mother of three and still growing with Daffodils.

All through this journey, I have walked with these amazing employers, Dr. Nabila and Mr. Usman. They have been more of parents to all of us at Daffodils.

Understanding, patient, inspirational, motivated, kind and selfless people are what defines them.

Therefore, I take this opportunity to appreciate them for all the love and care given to me personally and pray that the good Lord will always meet them at their points of need.
