

BEGINNING OF YEAR 2023

DAFFODILS NEWSLETTER

DAFFODILS EDUCATION SERVICES, LTD.

A WORD FROM THE OFFICE

Dear Readers,
 Happy New Year!
 Welcome back to a new year and a new term.
 We warmly welcome all our new parents and pupils who have joined us this year.
 The Term has started off well with the children settled into their new classes and are having a lot of fun during class activities.
 The beginning of year Newsletter will reflect some of the activities going on in school!
 Happy Reading!

Kids Reflect!

I am in P.7 E and my holiday was spectacular. In the first weeks of holiday, I began studying for confirmation. It was amazing and I got confirmed on 20th January 2023. Afterwards, my mother organized for us a trip to Dubai as a gift. We visited Dubai mall, Ferrari world, the water park and the museum of the future. It was such an incredible holiday. Now as am back to school, I have to work hard in order to get a good grade at the end of this year.

Sasha Atumanya Okee P.7 E

Everything in my holiday was interesting and fun. I say so because we were taken to the village. While there, my family participated in donating food to the people in need and this made them also to enjoy during the Christmas season. Early this year when the 2022 PLE results were released, one of my cousins took me to his school to pick his PLE results. We found out that he had passed in division one. This inspires me not to waste any single minute this year since am in primary seven.

Obadiah Balaba Kiraire P.7D

I am in P.6E and I know it as the best class because of the good classmates and nice teachers that we have. When we reported for term one this year, our teachers told us that we would have beginning of term assessment. This assessment was done in the second week and up to now, we are waiting for our results expecting them to be good because most of the questions came from our previous classes. The term is moving on well with class work and I am optimistic that I will go to primary seven with a good grade.

Casey Amany P.6E

When we were told about beginning of term one assessment, I thought it would be very hard because we had not yet learnt anything in primary four. The assessment we did was full of primary three work and I know that I performed very well. Basing on what I see, I will perform well in primary four and I want to do this by working hard.

Kaitlyn Kamara P.4E

The beginning of Term 1, 2023 has been very amazing. When term one began, we started with serious learning. After a few weeks, I did my beginning of term exams. The exams were easy, the questions were majorly from the things we learnt in Primary Three. Since exams were not hard, I expect the mid-term one papers to be easy too. I am seriously revising and learning new things in Primary Four. I am optimistic that I am going to pass highly.

In conclusion, I expect the entire year of Primary Four to be great because my teachers are tirelessly teaching us well and I pray to God to guide us till the end.

Tehillah LUZINDA P.4S

PLE RESULTS

We congratulate all the Primary Seven Candidates and their teachers for the hard work and commitment put in.

We wish all our Primary Seven children the best in their secondary schools.

Results were as follows,

Registered candidates : 120

Div. 1 – 100

Div. 2 – 19

ABS – 1

Percentage for Div. 1: 83%.

movement from
darkness to light.**

KINDERGARTEN ORIENTATION

Our newly admitted children in all the kindergarten branches were invited along with their parents to attend an orientation session on the 1st of February, 2023 at Bukoto and 2nd February, 2023 at Nakasero branch. The children participated in some introductory Art activities and also explored the outdoor play activities with great joy.

The orientation went well and parents were looking forward to the first day of school.

Ms. Sana Jemani

A Beautiful day!

PRIMARY ONE ORIENTATION DAY

The first day of school is different for every learner. Some cry and others get excited about the new environment. It was the same experience for the children of primary one this year (2023) at Daffodils Primary School.

On 8th February 2023, we received our primary one pupils in a very heart-warming way. Some learners were dropped at school as early as 6:30a.m. They were welcomed by their teachers and directed to their respective classrooms where they got to introduce each other.

At about 9 O'clock in the morning, these learners together with their teachers toured around the school premises. They were able to visit and recognize different people and places in the school like head teacher, school nurse, cooks, library, sickbay different offices and the kitchen respectively. At midday, all the learners were ready to go home. They were so happy about the new school and it was such a wonderful day . We wish them all the best while with us in Daffodils Primary School.

Aisha Nakasujja
Class coordinator P.1

Our children love and enjoy different co-curricular activities and these really help them in developing their skills and talent. Thank you parents for supporting the little ones.

MUSIC

Hello my name is Kahandi Keron in Primary 7D. I am passionate about music which inspires me to learn to drum. I enjoy the music club because it is fun and it makes you active with the many activities like dancing, singing, acting and playing instruments. The music teacher is called Mr. Andrew. He is a good teacher.

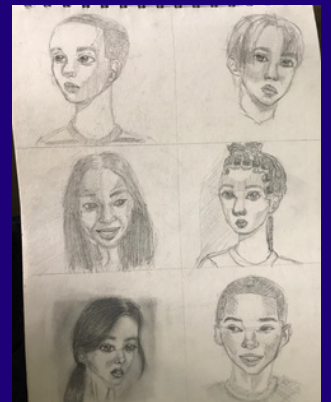

Keron Kahandi P.7D

ART

Art is a beautiful gift. As an artist, what I like is that it makes me happy, the way I can draw whatever I wish. I am grateful that I can draw different people and that people look different, but the beauty about it is that you can never make it alone but with friends. Mr. Emmanuel Mugisha has taught most of what I know but still today he continues to encourage and help me. One thing I know is that art doesn't come easy.

Bethel Batenga P.6S

PARENT'S COMMUNICATION

At Daffodils, I like the education approach used. Parents are invited for meetings to discuss the academic progress of their children. This approach is fantastic since the pupils - parents get to face the teachers and have a one on one discussion in addition to sharing experience with fellow parents.

I would encourage all parents to always attend these meetings when invited because we learn a lot during these interactive sessions. The success of the child is enhanced by both the parents and the teachers. Let us not only wait for the first grades at the end of PLE but also be part of the journey to achieve them.

We all need to play our roles towards the performance of our children.

I am very proud to be part of the parents of Daffodils Education Services

Babirye Nubuwati

(Parent)

The home is the child's first school,
the parent is the child's first teacher,
and reading is the child's first subject.
