# Kids Reflect!

I am new to Daffodils and I would like to write about how amazing the school is. I was formally in Aga Khan then I moved here. At first, I was scared that I wouldn't make friends but I ended up making amazing friends. They are kind, supportive and are all good friends, but it also has very good teachers that understand everything they teach. I hope for the best this year since I am a candidate.

**Abigail Keza P.7S**

I am in P.5D. What I have liked about P.5 is that the teachers are kind and my friends too. I have also liked the class.

**Reswin Arther P.5D**

I found Daffodils when I was passing by and online, I love this school because they teach you and you understand what you learn and I am able to go back and tell my parents what I learnt at school. Their physical education (PE) can help your child get fit and energetic. You also get good friends and they are always there when you need them.

**Hannah Kansiime P.5E**

I am new to Primary Seven but I love the experience so far. All I need is a positive mind to work hard. My goal is to get an aggregate four in my P.L.E. I hope God helps me to achieve this as I work harder. All in all I will be focused in class and do whatever positive things my teachers, parents and Daffodils administration will tell me to do so as to succeed.

**Hiba Imamul P.7E**

My first day of Primary Seven went well and I got to meet new friends and teachers. I am settled and ready for this new academic year. My teachers always tell me that if I work hard, I will perform very well. They also tell us to help one another in class. I really pray this year goes so well.

**Angel Nyinebirungi P.7D**

I am a new student in this lovely school. What I like about my new school is that the first time I arrived, every student was so welcoming and kind to me. This school environment is different from other school environments but in a good way and the best vibe.
